Getting started with Pocket

1. Go to getpocket.com and click one of the **Sign Up** buttons. You can sign up using an email address or an existing Google account, if you have one

2. Depending on how you want to use Pocket, you can then **install the web browser plugin** or **download the app** to your smartphone...or you can do both for maximum flexibility!

SAVE FOR LATER

Put articles, videos or pretty much anything into Pocket.

Save directly from your browser or from apps like Twitter, Flipboard, Pulse and Zite.

Ways to Pocket:

- Your Web Browser
- Via Email
- From Over 1500+ Apps

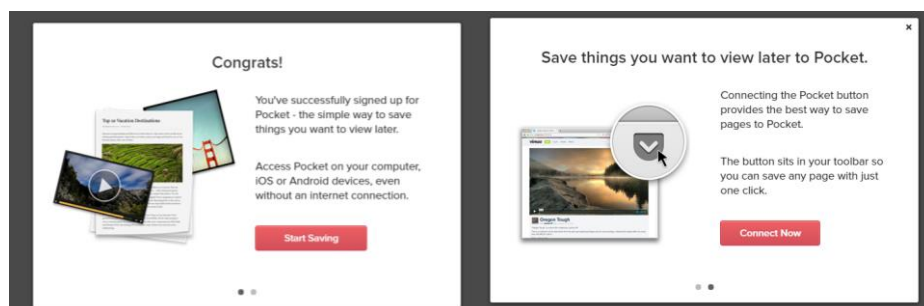

VIEW WHEN READY

If it's in Pocket, it's on your phone, tablet or computer. You don't even need an Internet connection.

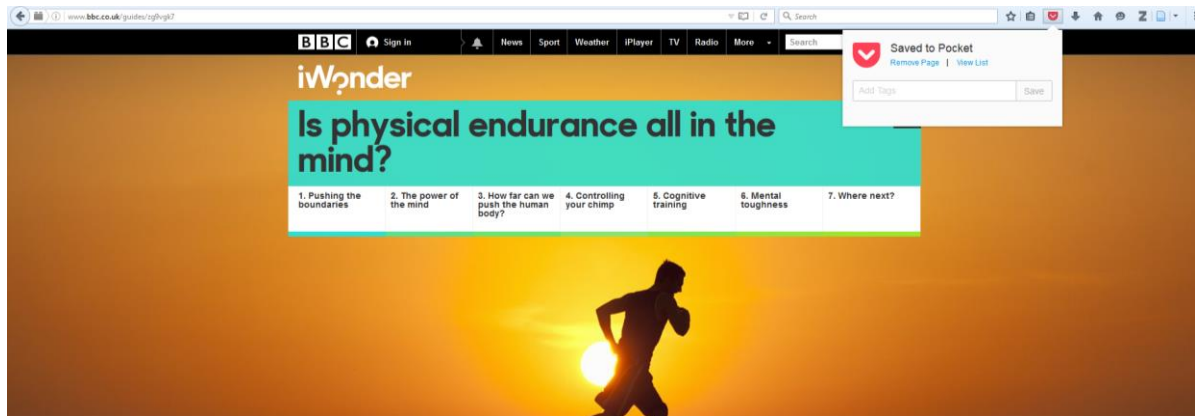

View Pocket:

- iPhone and iPad
- Android
- Kobo
- Your Web Browser

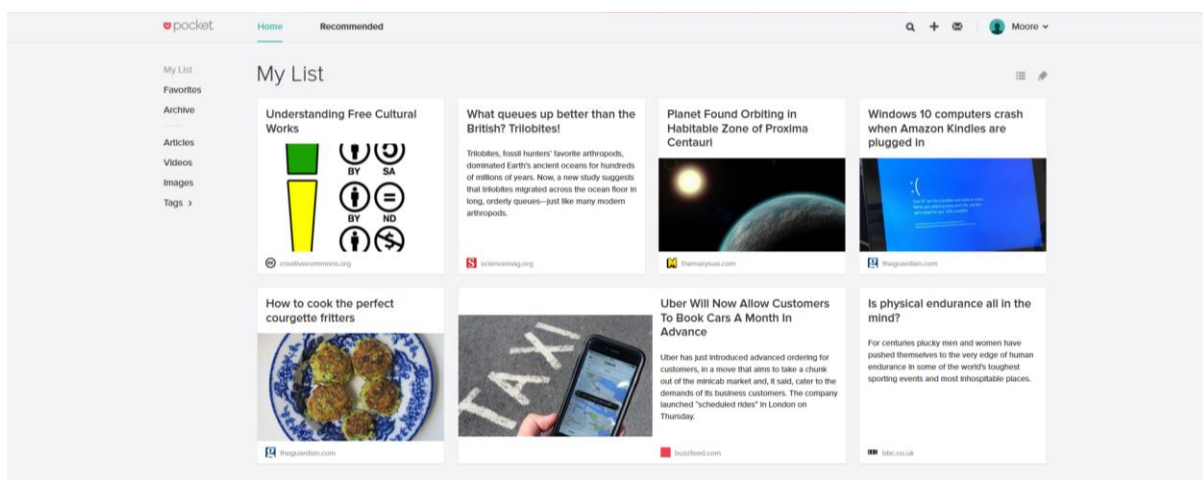

3. Pocket will prompt you to download the **browser plugin** as soon as you've registered which is quite handy!

- Once you're all set up, you can start saving things to your Pocket account using the **Pocket symbol** that sits in your browser. Once saved, a **pop up box** will appear giving you the chance to remove the item (in case you saved it accidentally) or add tags to make your save meaningful to you later on

- Your **Pocket list** will start to build up as you continue saving resources with many pulling through pictures, making the whole thing look quite pretty!

- By clicking on any resource, you'll get a **simplified version** of the original plus some extra options such as **adding tags** or **deleting an item**
